Further information on your Certificate of Offer

WHERE YOU ARE IN THE PROCESS

ABOUT YOUR OFFER

Now that you have received your offer of a place on a course, the next stages are an offer of a college place and, provided your application has been made an offer as part of the November, December or January application deadlines for your course, consideration for scholarship funding.

Your college

The college that accepts you will be in touch with you directly. You can expect this within 8-10 weeks. In a few cases, this may take longer. Please note that:

- If you indicated a preference, your preferred college will now consider your application, but your place may not necessarily be at that college.
- If you are successful in obtaining a college-linked scholarship, we may need to move your application to a different college so as to maximise the funding available overall.

Once a college makes you an offer, there are normally only two grounds on which a change of college during the application process is possible:

- (i) the University moves you to another college as part of the process for securing funding; or
- (ii) as a result of measures to respond to any pandemic, epidemic or local health emergency.

If you choose to turn down your college place (or exercise any cancellation right that the college gives you), please be aware that this will mean you are also turning down the University place on this Certificate of Offer. This is because the two offers are linked; you must be a member of a college in order to join the University. You can find more information on Oxford colleges at www.graduate.ox.ac.uk/introducingcolleges. If you have any queries, please contact the University's Graduate Admissions and Recruitment Office by completing an email query at www.graduate.ox.ac.uk/ask.

NOTE - In almost all cases a college place is assured. The only exception is in rare cases arising under the Criminal Convictions Policy. As stated in this Certificate of Offer, candidates must declare any relevant unspent criminal convictions. Following any such declaration the University will follow the Criminal Convictions Policy at www.graduate.ox.ac.uk/criminalconvictions.

In rare cases, following risk/safeguarding assessment by the Criminal Convictions Panel (CCP), it is possible no college will be able to offer a place, in which event the University will not be able to admit the candidate.

Your supervisor

Please note that it is possible for a student's allocated supervisor(s) to change, either during the period of study or prior to enrolment. This may occur for a variety of reasons. In the event of a change, your department will be responsible for ensuring that a new supervisor (either temporary or permanent) is appointed as soon as possible and for keeping you fully informed. If your supervisor is listed as 'to be confirmed', this will be confirmed as soon as possible.

Conditions

You must meet all the conditions in your Certificate of Offer in order to take up your place at the University. The consequences of failing to meet a condition of your offer are set out in the Terms and Conditions.

Further information on your Certificate of Offer

1) Academic conditions

If your offer has academic conditions, you will need to send the relevant official documentation to us to evidence that you have met your conditions by the date stated in your Certificate of Offer. It will not normally be possible for an offer-holder to take up a place if any conditions are outstanding after this date. If you anticipate any difficulties with this deadline, please contact us as soon as possible.

2) Financial conditions

Financial Declaration: Your college will ask you to complete a Financial Declaration Form and it is a financial condition of this University offer that you complete that college process to the college's satisfaction. When making your Financial Declaration, you will need to:

1. show that you have sufficient funding to cover the course fees for Year 1 of your course by providing financial evidence;
2. confirm that you **understand that it is your responsibility to ensure that your course fees are met** beyond Year 1 and that you have taken into account your personal circumstances and likely contingencies, if the duration of your course is longer than one year (no financial evidence of this is required);
3. confirm that you understand that it is your responsibility to ensure that your living costs are met for the duration of your course and that you have taken into account your personal circumstances and likely contingencies (no financial evidence of this is required).

Colleges may require you to provide evidence of your ability to pay for college accommodation (if applicable).

You can find more information on the Financial Declaration at www.graduate.ox.ac.uk/financialdeclaration.

3) Non-academic conditions

As a condition of your offer you are asked to declare any unspent relevant criminal convictions. You will be able to do this in Graduate Applicant Self Service and will receive further instructions.

The University policy at www.graduate.ox.ac.uk/criminalconvictions explains how declared criminal convictions will be dealt with and what constitutes a relevant conviction.

It is also a condition of your offer that any information submitted with or in relation to your application (whether to the University or your college) is true, genuine, accurate and complete (i.e. does not omit information you have been asked to provide).

Fees and fee status

Your personal fee status (if not already confirmed in your Certificate of Offer), course fee liability, and likely living costs will be confirmed through the Financial Declaration Form.

In the meantime, information on course fees and other living costs, including any continuation charges that will apply, can be found in the Course Information Sheet available from Graduate Applicant Self Service or at www.graduate.ox.ac.uk/courseinfosheet.

You can find information on how fee status (Home or Overseas) is determined at: www.graduate.ox.ac.uk/feestatus.

Funding

The majority of Oxford scholarship decisions take place between late February and June. After this date, it is unlikely that we will be able to offer funding. If you have applied to any specific schemes, you can find details of the dates by which funding decisions will be made at www.graduate.ox.ac.uk/scholarshipsatoz.

Further information on your Certificate of Offer

Due to the volume of applications, we are unable to contact unsuccessful applicants individually or provide feedback so if you have not heard back from us by the dates indicated in the scholarship information then please assume that you have been unsuccessful. The scholarship process is very competitive and success is not guaranteed. We therefore advise you to explore all possible funding sources. Further information can be found at www.graduate.ox.ac.uk/funding.

Keeping your contact details up to date

If any of your contact details change, please let us know as soon as possible to ensure you do not miss any important information.

Queries

If you have any questions about this offer or would like to get in touch, please use the contact details provided in your Certificate of Offer.

THINGS TO CONSIDER

Accommodation

Accommodation is not guaranteed for graduate applicants, although over 70% of full-time graduate students in their first academic year receive College or University graduate accommodation. When you have received your college offer, your college will explain how to apply for any college accommodation that they may have. The University's Graduate Accommodation Office may also have accommodation for which full-time graduates can apply. Further details are available at www.graduate.ox.ac.uk/accommodation.

Part-time students do not need to meet the University's residence requirements (see www.graduate.ox.ac.uk/residence), and would normally only need to attend Oxford for short periods of time. Your college may be able to provide occasional accommodation for these periods, or there are further suggestions at www.graduate.ox.ac.uk/accommodation.

Disability, long term health conditions and specific learning difficulties

If you have (or think you might have) a disability, and did not declare it in your application, we strongly encourage you to let the Disability Advisory Service (DAS) know as early as possible, so that they can advise on the range of study support that is available. It can take time to arrange support so it is important to start this process without delay. You can find further information on DAS as well as the DAS registration form at: www.graduate.ox.ac.uk/das.

Visa application

It is your responsibility to investigate whether you need a visa to study in the UK and to make any application. Before doing so you should make sure you are eligible to apply and meet the requirements.

The majority of applicants requiring a visa to study in the UK for a full-time course will need to apply under the Student Route. See the advice on the University website and a detailed guide to applying for a student visa at www.ox.ac.uk/students/visa/before/studentvisa.

Students will only be able to bring dependants on a visa if the course is a full-time DPhil or Research Masters course, or if you are a Government-funded student on a full-time course of 6 months or more.

For **part-time courses** we are not able to sponsor you for a student visa, so you should discuss the attendance requirements with your department. The visitor visa/route will allow you to attend for short blocks of study only, or infrequent visits; it will not allow you to attend for the whole duration of the course.

Arriving in Oxford
