# Scottish Church College Service-Learning Cell Report on UB Sponsored Service-Learning for Faculty in Asia

## online course 2024

Facilitator: NGEE ANN Polytechnique, Singapore.

**Duration:** Three Months (April'24-June'24)

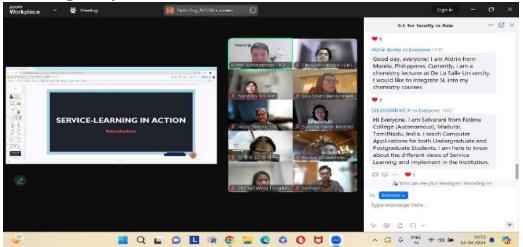

#### **Objectives:**

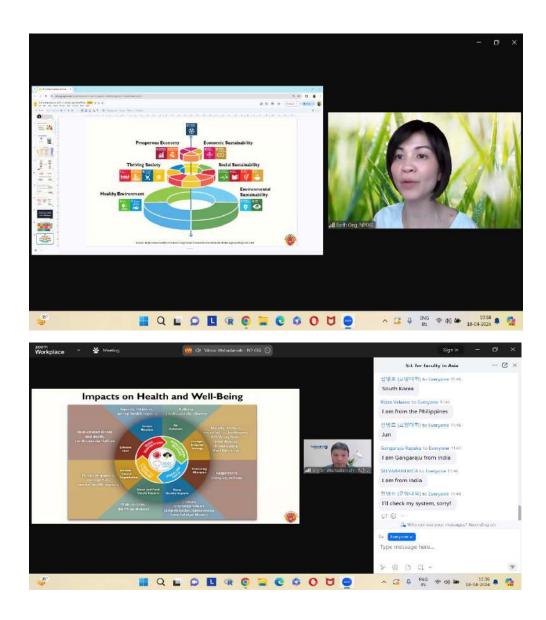

- 1. Discuss the models, taxonomy and outcomes in designing a Service-Learning module.
- 2. Apply design concepts in a Service-Learning module.
- 3. Demonstrate the ability to evaluate reflections.
- 4. Apply digital tools when designing an electronic Service-Learning module.

#### **Learning Outcome:**

- 1. In this course, the concepts and tools for designing and implementing a Service-Learning module were discussed.
- 2. It guided the participants about the process of Service-Learning to inspire young people to become active, engaged citizens.
- 3. It explained how students are challenged to learn in new ways while building their intellectual capacity, leadership skills, and potential to make change.
- 4. By designing this course with Service-Learning in mind, one can better equip students to make **connections between the learning goals and course activities, and between the academic field and the "real world."**
